## SUIT WITHDRAWN, JURY DISMISSED

**Alienation of Affections Suit For \$10,000 Against Albert Buell Suddenly Ended**

### NO REASON ASSIGNED FOR IT

**Jury Finds Sylvia Headlee Guilty of Drawing Weapon on Officer And Fines Him \$25**

A \$10,000 alienation of affections suit in which Harley D. Holmes was plaintiff and Albert Buell, defendant, was ready to get under way this morning in the circuit court before Judge Sparks, when the plaintiff suddenly withdrew his suit, and the jury that was on hands was sent home.

The attorneys did not assign any reason for withdrawing the action, and several witnesses were present in the court room ready for trial. The work of examining the jury was well under way, when the case was dismissed. The suit has been pending for several months, and the plaintiff, who resides near Metamora, accused the defendant of stealing his wife's love and affection.

The state case against Sylvia Headlee, which was heard in court yesterday before Judge Fred Hines of Noblesville, ended shortly after ten o'clock Tuesday night, when the jury found the defendant guilty, and imposed a fine of \$25 and costs for drawing a deadly weapon upon Ed Spradling, a deputy sheriff.

The case was rushed through during the afternoon session, as the special judge had other business today, and could not remain over. The arguments ended shortly before six o'clock last night, and the jury deliberated until shortly after ten. The verdict was received by Judge Sparks, as Judge Hines returned home.

The statute upon which the charge was based, carried with it a fine not to exceed \$500, and to which could have been added imprisonment for a period not to exceed six months. On account of the wide margin of fines and sentences, the jury deliberated a long time before they agreed on the \$25.

Headlee paid his fine and costs this morning, which in all amounted to \$60.90.

The jury this morning was told to report for their next case on Tuesday when the law suit of Blaine Fritch against Fred Cleveland is scheduled to start. The case is for damages which the plaintiff alleges he suffered on account of disgrace to his reputation and character, following state cases last year.

## CO-OPERATION OF SCHOOLS IS URGED

**Letter From State Superintendent Received Here Asks Observance of Golden Rule Sunday**

### HOW THE CHILDREN CAN HELP

Benjamin J. Burris, state superintendent of public instruction, in a letter to Rush county school officers and teachers urges co-operation by school children in securing observance of International Golden Rule Sunday.

"On December 2nd people in fourteen nations are being asked to observe International Golden Rule Sunday by using the menu regularly given children in orphanages supported by Near East Relief," his letter says.

"Such a dinner observed throughout the country should have a profound effect in arousing public sentiment concerning the problem of the children of the Near East. The public school children of America have here an opportunity to aid in creating this public sentiment through taking home the menu cards and asking their parents to observe International Golden Rule Sunday. I earnestly hope that you will see that the children under your supervision have a part in this great service for those other children of the Near East."

People who observe the day are asked to contribute the difference in cost between the orphan menu and the usual Sunday meal, to orphanage work in the Near East.

## THANKSGIVING WILL BE FAIR

**Weather Man Promises Decent Weather For the Holiday**

Thanksgiving Day will be fair, according to the prediction of the weather man, who had deferred making any statement on the condition of the weather until this morning.

On account of the unsettled condition of the weather this week, the statement was delayed until this morning, and in connection with fair weather for Thursday, it also is predicted that warmer weather is in sight, with it becoming unsettled by Thursday night, and possibly showers in the late hours.

## WANTS OFFICE IN COURT HOUSE

**Orie Blackburn, Chief of Police, Will Recommend Changes in Police Administration**

### MEANS ADDITION OF A MAN

**Favors Locating Department in Room Adjoining Sheriff's Office so They Can Co-operate**

Orie Blackburn, chief of police, has arrived at a plan for the improvement of the police force, and he will present his ideas to Mayor Thomas and the police committee in an effort to have their opinions on the matter, which will bring about a more systematic method of supervision for the protection of the public.

Under his plan, it will mean the appointment of another police officer, which no doubt is needed to furnish the right kind of protection, and which will give the police force a metropolitan standing, with an officer on hand at all times to answer calls.

It is the plan of the police chief to co-operate as his office has always done, with Sheriff Hunt, and his deputies. There is a room adjoining the sheriff's office and used as desk room for the Rush County Insurance Company, which can be secured for the police office, and headquarters for the officers, it is believed by the chief of police.

With these two agencies together, the city and county will have direct touch at all hours with the officers. The chief will recommend, he said, that he be engaged as the desk sergeant during the daytime.

The executive of any department should have an office room, and direct all matters that come to the attention of the department, he says, and as it is now, he does not have any system or any supervision over the department, except in title only.

Mr. Blackburn is anxious to divorce the police headquarters from the fire station, asserting that the arrangement is unsatisfactory, not only to the police, but to the firemen, and he maintains that the affair can never be properly adjusted unless the two departments are separated.

With another patrolman added in the daytime, it will give the police chief time to devote to his office in answering the telephone, and taking care of personal calls. The officer can report to him at intervals for

## WOMAN'S CLASS WILL FORM

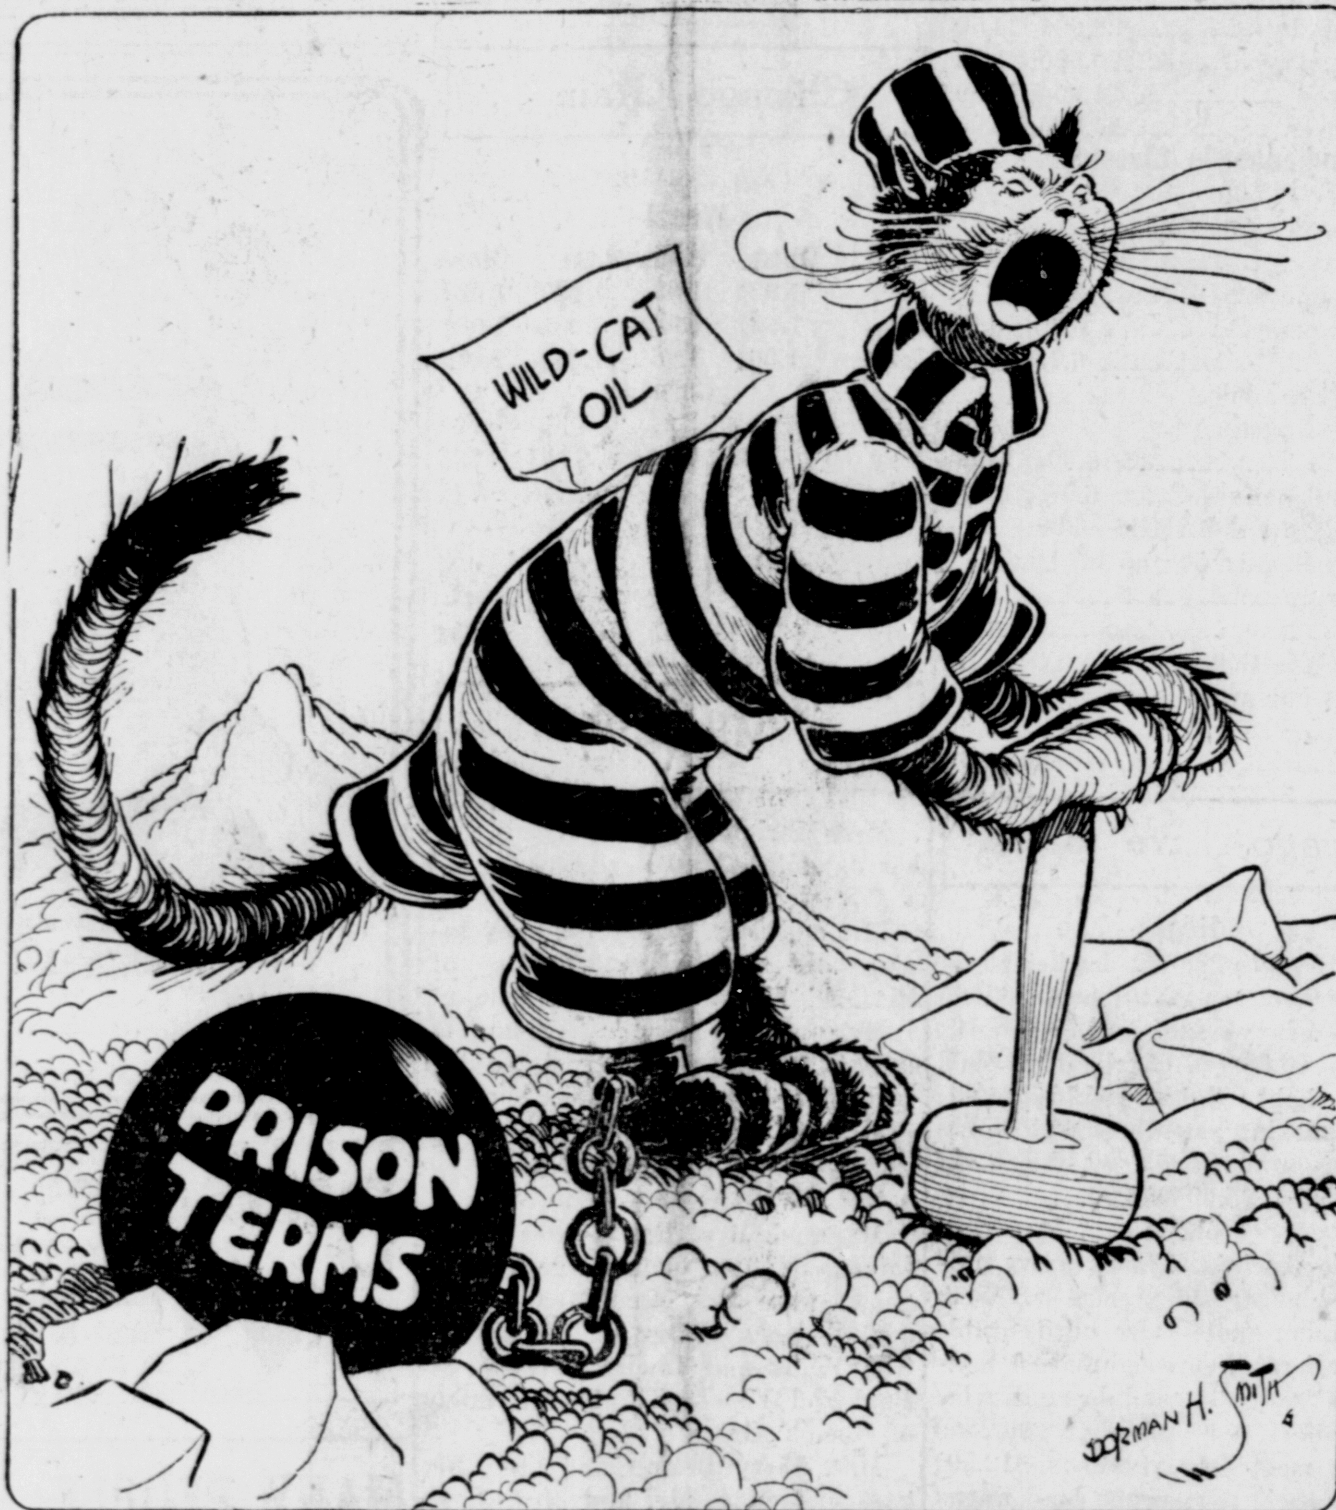

**Albert Cotton Announces Weekly Lessons At Annex Gym**

In addition to the men's gymnasium class, recently organized, that meets every week, Albert F. Cotton, physical director in the Rushville public schools, will form a gymnasium class for women, which will meet at the Graham Annex gymnasium every Thursday afternoon between the hours of 3:45 and 5:30, beginning probably next week.

Following the organization of the men's gym class, Mr. Cotton was besieged by a number of Rushville women who sought to have a similar class for women, and he has obtained permission of the school board for one period a week.

The second meeting of the men's class was held Tuesday night, and was attended by approximately fifty. After the customary exercises, the class divided and played volleyball.

## AND THIS MAKES THE WILDCAT WILD

## FIRST MEETING IS SET FOR DECEMBER 12

**Rushville Parent-Teachers Association Hopes to Have B. J. Burris Here as Speaker**

### COMMITTEES HOLD MEETING

Plans for obtaining members of the Rushville Parent-teachers-association, and for the first meeting of the organization, were discussed at a meeting of committees at the Graham high school building Tuesday evening.

It was decided to hold a meeting at the Graham Annex auditorium Wednesday evening, December 12, and B. J. Burris, state superintendent of public instruction, will probably be the speaker. J. H. Scholl, superintendent of schools, today sent an invitation to Mr. Burris to address the meeting.

A special effort will be made to get a large attendance of men at the proposed meeting, promoters of the association emphasizing the fact that it is not alone for mothers, but for fathers as well of school children. Membership is not restricted to parents, either, as any school patron may join, it is pointed out. Mrs. C. A. Dugal, chairman of the membership committee, is organizing her assistants in preparing for a campaign for new members.

Following the organization of the association last Wednesday night, at an American Education Week meeting, slips were sent to all parents of school children, asking them to join, and a very ready response was received. No dues are charged in the organization.

## BODY RETURNED TO MUNCIE

**Marguerite Dearth Believed To Have Committed Suicide**

Muncie, Ind., Nov. 28—The body of Miss Marguerite Dearth, 22, daughter of Judge Clarence Dearth, found yesterday in the Ohio river near Louisville, where it evidently had been floating for the last three weeks, will be returned to Muncie late this afternoon. Because of the condition of Mrs. Dearth, who was prostrated by the news, the judge remained here, sending friends to claim the body. The funeral will likely be held Friday. She is believed to have committed suicide.

Miss Dearth who had been suffering from ill-health, disappeared from her home November 1, and a nation-wide search for her was conducted by the judge, assisted by several Muncie civic clubs.

## CHEER NOT ALL FROM TURKEY

**Claims of Bootleggers and Admission of Dry Agents Make it Certain Thursday Will be a Wet Thanksgiving Day in Many Parts of United States.**

(By United Press)

From Maine's icy mountains to California's coral strand, Thanksgiving day will be celebrated with cheer that doesn't all come from the turkey, according to claims of bootleggers and admission of dry agents throughout the United States.

In some instances the merrymaking will be accompanied by less liquor than last year it was agreed. But in more parts than one those who deal in illicit liquor report their business booming. Prices are high, quantity poor and demand great.

Up in staid New England, people are even trying to obtain champagne to continue the celebration their Pilgrim ancestors started, the bootleggers report. Prices are firm. Philadelphia is claimed as "wet" with whiskey prices from 5 to 15 a quart, about three percent of the liquor being non-poisonous, the police figured.

Ohio appears to be pretty dry. In Michigan they are waiting for nightfall to get Thanksgiving supply from across the border.

Around New York, bootleggers with their cases swarmed about the office buildings, while off-shore was the remnant of a rum fleet.

Agencies of the federal government were co-operating in a sweeping program to stem a reported flood of "holiday liquor."

## Snow Covers Texas Panhandle

Dallas, Texas, Nov. 28—Snow, ranging from one-half inch to eight inches covered the entire Texas panhandle today.

Amarillo reported eight inches, Perryton six inches and Plainview three inches.

Snow continued falling today. Cold weather prevailed throughout western Texas.

## MEN WHO "ENDORSED" M'CRAV NOTES CALLED

**Two of Governor's Morgan County "Farm Managers" Summoned Before Grand Jury**

### I. N. BROWN MAY QUIT BOARD

Indianapolis, Ind., Nov. 28—Two Morgan county men who were involved with Governor McCray in his agricultural ventures were under summons before the Marion county grand jury today in its investigation of McCray's affairs.

They were W. L. Remburg, manager of the Brooklyn Stock farms company, of Brooklyn, and W. L. Hendry, of Mooresville, two of McCray's "Farm managers."

In his testimony before Harry C. Sheridan, referee in bankruptcy, Governor McCray said he used the names of these men as endorsements on notes and later got their consent to the use of the names.

I. Newt Brown, it is understood, may retire from the state board of agriculture when his present term expires on Jan. 9, as the result of his connection with the loan of \$155,000 of the board's money to Governor McCray.

Brown is undecided whether he will be a candidate for reelection. Although he would like the job again, he has received little encouragement from the other members of the board.

At the time the board was called for its second meeting to investigate the loan, it was freely reported that several of the members were in favor of demanding Brown's resignation, but that they decided against the action because his term would be up so soon.

## FINDS HIM OF SOUND MIND

**Sanity Commission Reports in Case of Tully Caldwell**

The sanity commission in Justice Stech's court, which investigated the petition charging insanity proceedings against Tully Caldwell last week, reported this morning that the defendant is not of sound mind, and is capable of knowing right from wrong.

The defendant is in jail charged with the crime of incest, preferred by a 17-year-old daughter. The final disposition of the case has been awaited pending action by the commission, and it is expected that Judge Sparks will set the case for trial in criminal court within the next few days.

## AFTER 31 YEARS TOGETHER

**Olive M. Newhouse Asks Divorce From Marshall E. Newhouse**

After 31 years of married life, a divorce suit was filed today to dissolve their partnership, in a suit brought by Olive M. Newhouse against Marshall E. Newhouse. According to the complaint, they were married January 1, 1890, and separated November 22, 1921, at which time the defendant is alleged to have left her, and has since failed to provide or support her.

In asking for a divorce, Mrs. Newhouse also asks that her name be changed to Olive H. Canady.

The plaintiff has been a resident of this city for a number of years, and the defendant is now residing in Miami county, it is understood.

## WAITING MOVE ON JOHNSON'S PART

**Politicians In Indiana Will Not Stir Until California Senator Invades The State**

### LINE-UP IS ALL SET

**John Mooreman Of Knox, And Governor M'Cray Are Believed To Be Sponsoring Johnson**

**Senator Watson Clings to Hat, Refusing to Toss it in Ring**  
Washington, Nov. 28—Senator Jim Watson of Indiana is clinging to his hat.

Watson today refused to pose for photographers in the attitude of throwing his hat into the ring.

"My hat's not in any ring; it is firmly on my head," said Watson.

He asked President Coolidge to fix sometime next week when he could have an hour's talk with him. This, the first of a series of political conferences here, may decide whether Watson will enter the race for the Republican presidential nomination.

Indianapolis, Ind., Nov. 28—Indiana politicians were waiting today for Senator Hiram Johnson's first move in Indiana in his race for the Republican presidential nomination.

With the Johnson campaign already launched in Illinois and Frank Hitchcock serving as national campaign manager, the belief was general that Johnson would start his invasion of Indiana at an early date.

In Indiana there are indications that Governor Warren T. McCray may be a lined up in the Johnson ranks.

John Moorman of Knox, a close personal friend of McCray, announced recently he would manage the Johnson campaign in the state.

It was recalled that Moorman is the man who attacked President Coolidge on the ground that the President was responsible for the hostile attitude of the Republican party toward McCray.

It is being taken for granted that Senator James E. Watson will enter the Indiana primary in an effort to maintain his newly acquired leadership of the party in Indiana.

With the defeat of Harry S. New for the senatorial nomination and the recent troubles of Governor McCray, Watson became the party leader.

Watson, it is generally understood,

### ONE WAY EXCURSION

Linus P. Meredith, United States marshal, his deputy and several members of the Indianapolis police department will be in charge of the tour to the southland.

The excursionists will be prisoners sentenced by Judge Anderson this week. They will start serving their sentences at the federal penitentiary as soon as the special reaches Atlanta.

## FINAL PLANS FOR DRIVE BEING MADE

**Township Chairmen of Farm Bureau to Report Membership Campaign Meetings by Tonight**

### WHAT CALENDAR CALLS FOR

**Intensive Drive For Members Will Open Next Monday Evening And Close Wednesday Night**

Township farm bureau chairmen and secretaries, and members of the boards of directors of the several township organizations, were hard at work today making final preparations for the intensive membership campaign in Rush county, which will open next Monday night with meetings in six townships, and will close Wednesday evening when the second group of six townships have been canvassed.

As explained previously, the Monday night meetings, which will be addressed by six men familiar with the farm bureau work, assigned to the county by the Indiana Farm Bureau Federation, will be followed by a canvass of the townships by teams of three to five farmers, who will interview every farmer in their respective townships. The plan will be duplicated on Tuesday night and Wednesday in the remaining six townships.

The county office of the farm bureau had not been noticed yet today of the six speakers who would be sent to Rush county. Elmer Hungerford of Orange township and Howard Ewbank of Union township, former secretary of the Rush County Farm Bureau, have been working in other counties since the opening of the state membership campaign last month, on assignments from the state office.

The membership drive calendar calls on all township officers to report to the county office in the court house by tonight, regarding the place of the township meeting and the program that has been arranged. They are also expected to provide the county office with a list of solicitors and the prospects each is to see by Friday.

Monday afternoon at one o'clock, a meeting of all township officers and solicitors will be held in the court house assembly room for them to get supplies for the campaign. One of the state workers will speak to the solicitors, providing them with material to be used in the canvass.

The 1924 membership campaign of the Indiana Farm Bureau Federation went into the first Farm Bureau district this month with a record of big gains in the second district to spur them on. From every county in the second district, the first one in which the campaign was put on, came reports of great gains in membership, these gains ranging in some cases as high as 150 per cent over this year's membership. Kosciusko county turned in more than 900 members, with the cleanup work uncompleted. This was expected to push the total well above the 1,200 mark. Whitley county also showed a big gain in membership, and DeKalb and Stenben counties reported increases ranging as high as 150 per cent. In Elkhart the increase was in the neighborhood of 100 per cent. Allen County Farm Bureau workers made a strong showing, but much cleanup work remained to be done there and this was expected.

W. J. KUNTZ  
Dayton, Ohio.

An Operation For Chronic Appendicitis Avoided By Chiropractic Adjustments.

Realizing the fact that many people are skeptical regarding the curative powers of Chiropractic adjustments, I submit the following statement of my own case as an illustration of what Chiropractic has done for me, and I am sure can do for anyone who will give it a fair trial.

During the years of 1915 and 1916 I suffered with stomach and bowel trouble which became so bad that I could only work part time. I was examined by a medical doctor who pronounced my case Chronic Appendicitis and declared that an operation was the only solution. I had just about made up my mind to submit to this, when a friend persuaded me to try Chiropractic, and I was willing to try anything rather than to have an operation.

After six or seven adjustments I began to feel better and after being under the care of the Chiropractor for six months I was entirely well.

I know that Chiropractic adjustments made a new man of me, and I highly recommend them to any chronic sufferer. Signed: W. J. Kuntz, 719 Steel Ave., Dayton, Ohio.

### WANTS OFFICE IN COURT HOUSE

Continued From Page One  
orders, and relieve the police chief at his desk, while he goes out and patrols a beat.

At night, two officers can alternate in hourly shifts at the desk and on beats, according to the police chief, and in this manner, it will give the public protection that it has never had. The office in the court house, adjoining the sheriff, will combine in a measure both of the departments, as they frequently assist each other in making raids, and in answering calls.

The plan of the police chief comes after a week's interval, following the announcement at that time by Mayor Thomas, that something had to be done to correct the inefficiency in the police department.

Some of the councilmen are afraid of being censured, it is pointed out, because hiring another officer would increase the expenses of the city, but on the other hand, it has been pointed out that in several years gone by, the money has been thrown away.

Blessed is the man that trusteth in the Lord, and whose hope the Lord is.—Jeremiah 17: 5, 7.

**Don't Forget The Children**

"It's not what we give but what we share, for the gift without the giver is bare," once wrote James Russell Lowell.

In the first Sunday after our Thanksgiving feast of stuffed Turkey and pumpkin pie we are asked to eat a simple meal such as is served to the children of the Near East under American care every day in the year and give the difference in cost to the Near East Relief, the organization chartered by Congress to look after them. Let's try it. It will do us good to realize that thousands of dependent children are keeping well and strong on such a simple diet as stew with meat four days a week, cocoa made with condensed milk, bread made partly of corn-meal, and cere-

als varied with fresh fruits and vegetables when they are obtainable.

They are calling this orphan meal which we are asked to eat on Sunday, December 2, a "Golden Rule Dinner". Our children have more luxuries than any children in the world. This dinner will serve as a fine opportunity to visualize that fact. Taking care of the children of the Near East orphaned through wars, massacres and famine is one of the finest applications of the Golden Rule in the history of the world. Don't forget the children of the Near East next Sunday.

**FIFTEEN YEARS AGO TODAY**From Daily Republican  
Saturday, Nov. 28, 1908

About one hundred and fifty spectators were in attendance at the shoot given by the Gun Club Thursday afternoon. The contest was enjoyed by the participants as well as the spectators and was a success in every way. Charles Bassler, Ben Cox, Lon Harecourt and E. Watt of Connersville won turkeys by their excellent scores.

Marshall Cooper, while moving his household goods yesterday, received a painful injury to his foot and ankle on the Shelbyville pike, about one half mile west of this city. The wagon on which he was riding was loaded with goods and one of the side boards slipped, allowing the seat to fall, throwing Cooper violently to the ground under the wagon. The wheels ran over his right leg, dislocating the ankle and severely mashing the bones in the instep of the foot.

## FAIRVIEW SWAMPS GREENSBURG Y FIVE

Athletic Club Atones For Defeat at Greensburg Recently by Winning, 72 to 27

PLAYS BENTONVILLE DEC. 1

In a game featured by their brilliant team work and sensational goal shooting, the Fairview A. C. basketball team downed the Greensburg Y. M. C. A. team Tuesday night at Fairview by the score of 72 to 27. The game was fast and clean.

The Fairview team jumped into a big lead at the beginning of the first half, and led all of the way. Although the Greensburg boys fought hard, they threatened at no time and the outcome of the game was never in doubt.

Greensburg had previously defeated Fairview by a score of 38 to 20 on the floor in that city. Fairview plays Bentonville at the Fairview gym Saturday night. The line-up and summary of the game last night: Fairview 72 Greensburg 27

## ARLINGTON TO PUT QUINTET IN FIELD

Athletic Club Prepares To Take Up Hardwood Game At Close Of Football Season

### MADE GOOD RECORD LAST YEAR

The Arlington Athletic Club will put out an Independent basketball team this season and expects to have a very fast team again. The team will begin practice at close of the football season, Thursday and hopes to get in condition as quickly as possible as the first game of the season will be played in the Arlington gym Thursday night, December 6. No games have been scheduled so far but teams will be booked as quickly as good teams can be secured. Arlington had a good team last year, winning 14 out of 16 games played and went to the semi-finals for the state championship, being defeated by the Terre Haute Jacks.

The following players will probably represent the club this season: John Wicker, Edward Shook, Alonzo Gardner, Franklin Norris, Lee Mitchell, Denning Nelson and Jack Haley. It will take a few games for the team to get in condition, due to the late start, on account of some of the players being on the football team.

## SAVED SICK SPELLS

Black-Draught Found Valuable by a Texas Farmer, Who Has Known Its Usefulness Over 30 Years.

Naples, Texas.—"I have used Thedford's Black-Draught for years—I can safely say for more than 30 years," declares Mr. H. H. Cromer, a substantial, well-known farmer, residing out from here on Route 3.

"I am 43 years old, and when a small boy I had indigestion and was puny and my folks gave me a liver regulator. Then Black-Draught was advertised and we heard of it.

"I began to take Black-Draught, and have used it, when needed, ever since. I use Black-Draught now in my home, and certainly recommend it for any liver trouble.

"I have given it a thorough trial, and after thirty years can say Black-Draught is my stand-by. It has saved me many sick spells."

Mr. Cromer writes that he is "never out of Black-Draught," and says several of his neighbors prefer it to any other liver medicine. "I always recommend Black-Draught to my friends," he adds.

This valuable, old, powdered liver medicine is prepared from medicinal roots and herbs, and has none of the bad effects so often observed from the use of calomel, or other powerful mineral drugs. Be sure to get the genuine, Thedford's, NC-145

## HITTING 'EM AND MISSING 'EM

"Milroy is going to eat the turkey tomorrow," says J. D. S. of that place in a postal to Hittin' 'em today. That's fine, ole top, because our Lions like the bacon better anyway.

### RAW! RAW!

Say, Markin' 'em up, before Rushville plays your "Flapper", "Roses" or what ever you call 'em, the Lions are going to eat some raw meat for dinner. Whenever they want to win a game, they always eat something that puts blood in their eyes.

SAVE A SEAT FOR US FRIDAY NIGHT, NEWCASTLE, WE'RE COMIN'.

McCorkle of Milroy is holding down the back guard position on his team again this year. If they had a whole team like him, we'd feel sorry for the rest of us.

### When Excitement Ran Hi

We almost overlooked a game the other night. Orange bested Ging 44 to 3.

### HERE'S ONE WE'RE GOIN' TO FRAME!

Dear Hittin' 'em—After that letter from a Shelby Fan, we want to tell you what we think of you in our part of the country. Your work is most commendable in supporting basketball, and in promoting interest in the great indoor game. Of course, you say some things that probably don't exactly sit right with everyone, but that is expected in basketball. People living in Shelbyville shouldn't read your paper, as long as papers of their own kind are available. We fans in Washington township are boosting for you, because we know that you are boosting Rush county first, and not Shelby county. Besides, look at the good publicity that Raleigh is getting, where our school is. Keep it up, Mr. Hittin' 'em, and don't let them bluff you.

Yours sincerely,  
C. E. (For all the twp.)

We thought it was another bribe headed our way at first, but "them's the kind of flowers we like."

### PLAYIN' POSSUM, MAYBE

"Our Manilla team in dropping two games lately," informs L. L. of that town, "is just playing horse so they will know how to act when they get in that county stable." That's alright L. L., we like educated horses.

We don't know how horses and lions will mix, but maybe by the time we need the stable, our Lions will be used to all kinds of animals.

After Newcastle Friday night, comes Greenfield.

Wonder if the exams made any change in the line-up for tonight's game. Hope not, because we would like to see all of the Lions out in full regalia tonight.

The Vincennes-Anderson game tonight isn't attracting as much attention as it did last year. Observers of each team don't rate 'em as high as they did last year, but even at that no one has ventured to begin pickin' yet.

### WE EVEN WELCOME LETTERS FROM SHELBYVILLE

Keep the mail comin' in folks. We don't care where it comes from, just so we can read it. Make 'em short and snappy.

Shelbyville plays at Connersville tonight. The way Connersville played Hagerstown the other night, it might not be so one sided as some people expect.

O, Scribes, Ain't We Thankful?

No school until next Monday. The basketball players will have to ob-

serve training rules regardless, and do without turkey, mince pie, cranberries and all of the trimmin's. No training rules for us scribes. We eat everything that comes in sight Thanksgiving.

### SPARK PLUG WANTS A STALL

Hittin' 'em has just received a letter from Barney Google of Glenwood, who says: "Even if our team is playing in a barn, because we have no gym, we are fast developing horse sense that will find us a stall in your county stable next February. It will pay you to keep a watch on our fellows."

### COMPLICATIONS ARISE NOW!

The Blue Birds of Carthage are expecting to fly high before the season ends. What business has a bird with a stall. Guess we will have to put up some roosts in our barn.

### SIC, 'EM, GANG

The Richmond second team is out for the state title this year for teams in their class. Maybe the Rushville Colts will dispute their claim in a few weeks.

### OUR DAILY HATE

Next to the basketball coach who fails to report his game early on the day following the game, we hate the coach who waits for three days before telling us about it. Whom do you hate?

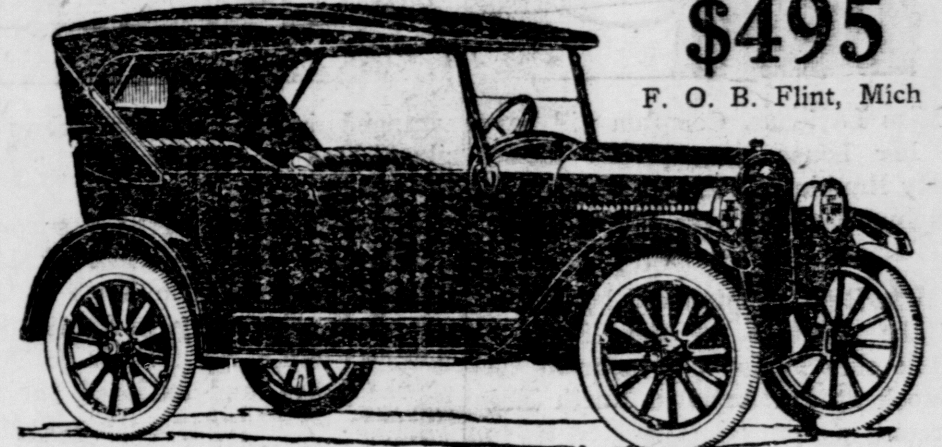

### The Beautiful Rain

A teacher asked one of her pupils to write a brief story about the rain. After much thought the boy produced the following: "What does the rain say to the dust? 'I'm on to you and your name is mud'!"—Chicago Tribune.

MAIL 'EM TO HITTING 'EM.

## Child-birth

WHEN the Little One arrives, you can have that moment more free from suffering than you have perhaps

imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend," Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., B.A.75, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

## SUIT WITHDRAWN, JURY DISMISSED

**Alienation of Affections Suit For  
\$10,000 Against Albert Buell  
Suddenly Ended**

**NO REASON ASSIGNED FOR IT**

**Jury Finds Sylvia Headlee Guilty of  
Drawing Weapon on Officer And  
Fines Him \$25**

A \$10,000 alienation of affections suit in which Harley D. Holmes was plaintiff and Albert Buell, defendant, was ready to get under way this morning in the circuit court before Judge Sparks, when the plaintiff suddenly withdrew his suit, and the jury that was on hands was sent home.

The attorneys did not assign any reason for withdrawing the action, and several witnesses were present in the court room ready for trial. The work of examining the jury was well under way, when the case was dismissed. The suit has been pending for several months, and the plaintiff, who resides near Metamora, accused the defendant of stealing his wife's love and affection.

The state case against Sylvia Headlee, which was heard in court yesterday before Judge Fred Hines of Noblesville, ended shortly after ten o'clock Tuesday night, when the jury found the defendant guilty, and imposed a fine of \$25 and costs for drawing a deadly weapon upon Ed Spradling, a deputy sheriff.

The case was rushed through during the afternoon session, as the special judge had other business today, and could not remain over. The arguments ended shortly before six o'clock last night, and the jury deliberated until shortly after ten. The verdict was received by Judge Sparks, as Judge Hines returned home.

The statute upon which the charge was based, carried with it a fine not to exceed \$500, and to which could have been added imprisonment for a period not to exceed six months. On account of the wide margin of fines and sentences, the jury deliberated a long time before they agreed on the \$25.

Headlee paid his fine and costs this morning, which in all amounted to \$60.90.

The jury this morning was told to report for their next case on Tuesday when the law suit of Blaine Fritch against Fred Cleveland is scheduled to start. The case is for damages which the plaintiff alleges he suffered on account of disgrace to his reputation and character, following state cases last year.

## CO-OPERATION OF SCHOOLS IS URGED

**Letter From State Superintendent  
Received Here Asks Observance  
of Golden Rule Sunday**

**HOW THE CHILDREN CAN HELP**

Benjamin J. Burris, state superintendent of public instruction, in a letter to Rush county school officers and teachers urges co-operation by school children in securing observance of International Golden Rule Sunday.

"On December 2nd people in fourteen nations are being asked to observe International Golden Rule Sunday by using the menu regularly given children in orphanages supported by Near East Relief," his letter says. "Such a dinner observed throughout the country should have a profound effect in arousing public sentiment concerning the problem of the children of the Near East. The public school children of America have here an opportunity to aid in creating this public sentiment through taking home the menu cards and asking their parents to observe International Golden Rule Sunday. I earnestly hope that you will see that the children under your supervision have a part in this great service for those other children of the Near East."

People who observe the day are asked to contribute the difference in cost between the orphan menu and the usual Sunday meal, to orphanage work in the Near East.

## THANKSGIVING WILL BE FAIR

**Weather Man Promises Decent  
Weather For the Holiday**

Thanksgiving Day will be fair, according to the prediction of the weather man, who had deferred making any statement on the condition of the weather until this morning.

On account of the unsettled condition of the weather this week, the statement was delayed until this morning, and in connection with fair weather for Thursday, it also is predicted that warmer weather is in sight, with it becoming unsettled by Thursday night, and possibly showers in the late hours.

Recommend Changes in Police  
Administration**

**MEANS ADDITION OF A MAN**

**Favors Locating Department in  
Room Adjoining Sheriff's Office so  
They Can Co-operate**

Orie Blackburn, chief of police, has arrived at a plan for the improvement of the police force, and he will present his ideas to Mayor Thomas and the police committee in an effort to have their opinions on the matter, which will bring about a more systematic method of supervision for the protection of the public.

Under his plan, it will mean the appointment of another police officer, which no doubt is needed to furnish the right kind of protection, and which will give the police force a metropolitan standing with an officer on hand at all times to answer calls.

It is the plan of the police chief to co-operate as his office has always done, with Sheriff Hunt, and his deputies. There is a room adjoining the sheriff's office and used as desk room for the Rush County Insurance Company, which can be secured for the police office, and headquarters for the officers, it is believed by the chief of police.

With these two agencies together, the city and county will have direct touch at all hours with the officers. The chief will recommend, he said, that he be engaged as the desk sergeant during the daytime.

The executive of any department should have an office room, and direct all matters that come to the attention of the department, he says, and as it is now, he does not have any system or any supervision over the department, except in title only.

Mr. Blackburn is anxious to divorce the police headquarters from the fire station, asserting that the arrangement is unsatisfactory, not only to the police, but to the firemen, and he maintains that the affair can never be properly adjusted unless the two departments are separated.

With another patrolman added in the daytime, it will give the police chief time to devote to his office in answering the telephone, and taking care of personal calls. The officer can report to him at intervals for

## WOMAN'S CLASS WILL FORM

**Albert Cotton Announces Weekly  
Lessons At Annex Gym**

In addition to the men's gymnasium class, recently organized, that meets every week, Albert F. Cotton, physical director in the Rushville public schools, will form a gymnasium class for women, which will meet at the Graham Annex gymnasium every Thursday afternoon between the hours of 3:45 and 5:30, beginning probably next week.

Following the organization of the men's gym class, Mr. Cotton was besieged by a number of Rushville women who sought to have a similar class for women, and he has obtained permission of the school board for one period a week.

The second meeting of the men's class was held Tuesday night, and was attended by approximately fifty. After the customary exercises, the class divided and played volleyball.

Here as Speaker**

**COMMITTEES HOLD MEETING**

Plans for obtaining members of the Rushville Parent-Teachers Association, and for the first meeting of the organization, were discussed at a meeting of committees at the Graham high school building Tuesday evening.

It was decided to hold a meeting at the Graham Annex auditorium Wednesday evening, December 12, and B. J. Burris, state superintendent of public instruction, will probably be the speaker. J. H. Scholl, superintendent of schools, today sent an invitation to Mr. Burris to address the meeting.

A special effort will be made to get a large attendance of men at the proposed meeting, promoters of the association emphasizing the fact that it is not alone for mothers, but for fathers as well of school children. Membership is not restricted to parents, either, as any school patron may join, it is pointed out. Mrs. C. A. Dugal, chairman of the membership committee, is organizing her assistants in preparing for a campaign for new members.

Following the organization of the association last Wednesday night, at an American Education Week meeting, slips were sent to all parents of school children, asking them to join, and a very ready response was received. No dues are charged in the organization.

## BODY RETURNED TO MUNCEE

**Marguerite Dearth Believed To Have  
Committed Suicide**

Muncie, Ind., Nov. 28—The body of Miss Marguerite Dearth, 22, daughter of Judge Clarence Dearth, found yesterday in the Ohio river near Louisville, where it evidently had been floating for the last three weeks, will be returned to Muncie late this afternoon. Because of the condition of Mrs. Dearth, who was prostrated by the news, the judge remained here, sending friends to claim the body. The funeral will likely be held Friday. She is believed to have committed suicide.

Miss Dearth who had been suffering from ill-health, disappeared from her home November 1, and a nation-wide search for her was conducted by the judge, assisted by several Muncie civic clubs.

## CHEER NOT ALL FROM TURKEY

**Claims of Bootleggers That  
Certain Thursday Will Be a  
Wet Thanksgiving Day in  
Many Parts of United States.**

(By United Press)

From Maine's icy mountains to California's coral strand, Thanksgiving day will be celebrated with cheer that doesn't all come from the turkey, according to claims of bootleggers and admission of dry agents throughout the United States.

In some instances the merrymaking will be accompanied by less liquor than last year it was agreed.

But in more parts than one those who deal in illicit liquor report their business booming. Prices are high, quantity poor and demand great.

Up in staid New England, people are even trying to obtain champagne to continue the celebration their Pilgrim ancestors started, the bootleggers report. Prices are firm.

Philadelphia is claimed as "wet" with whiskey prices from 5 to 15 a quart, about three percent of the liquor being non-poisonous, the police figured.

Ohio appears to be pretty dry. In Michigan they are waiting for nightfall to get Thanksgiving supply from across the border.

Around New York, bootleggers with their cases swarmed about the office buildings, while off-shore was the remnant of a rum fleet.

Agencies of the federal government were co-operating in a sweeping program to stem a reported flood of "holiday liquor."

## MEN WHO "ENDORSED" M'CRAY NOTES CALLED

**Two of Governor's Morgan County  
"Farm Managers" Summoned Be-  
fore Grand Jury**

**I. N. BROWN MAY QUIT BOARD**

Indianapolis, Ind., Nov. 28—Two Morgan county men who were involved with Governor McCray in his agricultural ventures were under summons before the Marion county grand jury today in its investigation of McCray's affairs.

They were W. L. Remburg, manager of the Brooklyn Stock farms company, of Brooklyn, and W. L. Hendry, of Mooresville, two of McCray's "Farm managers."

In his testimony before Harry C. Sheridan, referee in bankruptcy, Governor McCray said he used the names of these men as endorsements on notes and later got their consent to the use of the names.

I. Newt Brown, it is understood, may retire from the state board of agriculture when his present term expires on Jan. 9, as the result of his connection with the loan of \$155,000 of the board's money to Governor McCray.

Brown is undecided whether he will be a candidate for reelection. Although he would like the job again, he has received little encouragement from the other members of the board.

At the time the board was called for its second meeting to investigate the loan, it was freely reported that several of the members were in favor of demanding Brown's resignation, but that they decided against the action because his term would be up so soon.

## FINDS HIM OF SOUND MIND

**Sanity Commission Reports in Case  
of Tully Caldwell**

The sanity commission in Justice Stech's court, which investigated the petition charging insanity proceedings against Tully Caldwell last week, reported this morning that the defendant is not of unsound mind, and is capable of knowing right from wrong.

The defendant is in jail charged with the crime of incest, preferred by a 17-year-old daughter. The final disposition of the case has been awaited pending action by the commission, and it is expected that Judge Sparks will set the case for trial in criminal court within the next few days.

**Olive M. Newhouse Asks Divorce  
From Marshall E. Newhouse**

After 31 years of married life, a divorce suit was filed today to dissolve their partnership, in a suit brought by Olive M. Newhouse against Marshall E. Newhouse. According to the complaint, they were married January 1, 1890, and separated November 22, 1921, at which time the defendant is alleged to have left her, and has since failed to provide or support her.

In asking for a divorce, Mrs. Newhouse also asks that her name be changed to Olive H. Canady.

The plaintiff has been a resident of this city for a number of years, and the defendant is now residing in Miami county, it is understood.

**Senator Watson Clings to Hat,  
Refusing to Toss it in Ring  
Washington, Nov. 28—Sen-  
ator Jim Watson of Indiana is  
clinging to his hat.**

Watson today refused to pose for photographers in the attitude of throwing his hat into the ring.

"My hat's not in any ring; it is firmly on my head," said Watson.

He asked President Coolidge to fix sometime next week when he could have an hour's talk with him. This, the first of a series of political conferences here, may decide whether Watson will enter the race for the Republican presidential nomination.

Indianapolis, Ind., Nov. 28—Indiana politicians were waiting today for Senator Hiram Johnson's first move in Indiana in his race for the Republican presidential nomination.

With the Johnson campaign already launched in Illinois and Frank Hitchcock serving as national campaign manager, the belief was general that Johnson would start his invasion of Indiana at an early date.

In Indiana there are indications that Governor Warren T. McCray may be a lined up in the Johnson ranks.

John Mooreman of Knox, a close personal friend of McCray, announced recently he would manage the Johnson campaign in the state.

It was recalled that Mooreman is the man who attacked President Coolidge on the ground that the President was responsible for the hostile attitude of the Republican party toward McCray.

It is being taken for granted that Senator James E. Watson will enter the Indiana primary in an effort to maintain his newly acquired leadership of the party in Indiana.

With the defeat of Harry S. New for the senatorial nomination and the recent troubles of Governor McCray, Watson became the party leader.

Watson, it is generally understood,

## FINAL PLANS FOR DRIVE BEING MADE

**Township Chairmen of Farm Bureau  
to Report Membership Cam-  
paign Meetings by Tonight**

**WHAT CALENDAR CALLS FOR**

**Intensive Drive For Members Will  
Open Next Monday Evening And  
Close Wednesday Night**

Township farm bureau chairmen and secretaries, and members of the boards of directors of the several township organizations, were hard at work today making final preparations for the intensive membership campaign in Rush county, which will open next Monday night with meetings in six townships, and will close Wednesday evening when the second group of six townships have been canvassed.

As explained previously, the Monday night meetings, which will be addressed by six men familiar with the farm bureau work, assigned to the county by the Indiana Farm Bureau Federation, will be followed by a canvass of the townships by teams of three to five farmers, who will interview every farmer in their respective townships. The plan will be duplicated on Tuesday night and Wednesday in the remaining six townships.

The county office of the farm bureau had not been noticed yet today of the six speakers who would be sent to Rush county. Elmer Hungerford of Orange township and Howard E. Wank of Union township, former secretary of the Rush County Farm Bureau, have been working in other counties since the opening of the state membership campaign last month on assignments from the state office.

The membership drive calendar calls on all township officers to report to the county office in the court house by tonight, regarding the place of the township meeting and the program that has been arranged. They are also expected to provide the county office with a list of solicitors and the prospects each is to see by Friday.

Monday afternoon at one o'clock, a meeting of all township officers and solicitors will be held in the court house assembly room for them to get supplies for the campaign. One of the state workers will speak to the solicitors, providing them with material to be used in the canvass.

The 1924 membership campaign of the Indiana Farm Bureau Federation went into the first Farm Bureau district this month with a record of big gains in the second district to spur them on. From every county in the second district, the first one in which the campaign was put on, came reports of great gains in membership, these gains ranging in some cases as high as 150 percent over this year's membership. Kosciusko county turned in more than 900 members, with the cleanup work uncompleted. This was expected to push the total well above the 1,200 mark. Whitley county also showed a big gain in membership, and DeKalb and Steuben counties reported increases ranging as high as 150 percent. In Elkhart the increase was in the neighborhood of 100 percent. Allen County Farm Bureau workers made a strong showing, but much cleanup work remained to be done there and this was expected.

An Operation For Chronic  
Appendicitis Avoided By  
Chiropractic Adjustments.

Realizing the fact that many people are skeptical regarding the curative powers of Chiropractic adjustments, I submit the following statement of my own case as an illustration of what Chiropractic has done for me, and I am sure can do for anyone who will give it a fair trial.

During the years of 1915 and 1916 I suffered with stomach and bowel trouble which became so bad, that I could only work part time. I was examined by a medical doctor who pronounced my case Chronic Appendicitis and declared that an operation was the only solution. I had just about made up my mind to submit to this, when a friend persuaded me to try Chiropractic, and I was willing to try anything rather than to have an operation.

After six or seven adjustments I began to feel better and after being under the care of the Chiropractor for six months I was entirely well.

I know that Chiropractic adjustments made a new man of me, and I highly recommend them to any chronic sufferer. Signed: W. J. Kuntz, 719 Steel Ave., Dayton, Ohio.

Chiropractic is a health science that gives a logical reason for every contention held, and makes it possible to maintain our progress and advancement. This is done by eliminating the cause of disease that each may live to the fullest.

### WANTS OFFICE IN COURT HOUSE

Continued From Page One  
orders, and relieve the police chief at his desk, while he goes out and patrols a beat.

At night, two officers can alternate in hourly shifts at the desk and on beats, according to the police chief, and in this manner, it will give the public protection that it has never had. The office in the court house, adjoining the sheriff, will combine in a measure both of the departments, as they frequently assist each other in making raids, and in answering calls. The plan of the police chief comes after a week's interval, following the announcement at that time by Mayor Thomas, that something had to be done to correct the inefficiency in the police department.

Some of the councilmen are afraid of being censured, it is pointed out, because hiring another officer would increase the expenses of the city, but on the other hand, it has been pointed out that in several years gone by, the money has been thrown away.

Blessed is the man that trusteth in  
the Lord, and whose hope the Lord  
is.—Jeremiah 17: 5, 7.**Don't Forget The Children**"It's not what we give but what  
we share, for the gift without the  
giver is bare," once wrote James  
Russell Lowell.In the first Sunday after our  
Thanksgiving feast of stuffed Turkey  
and pumpkin pie we are asked to eat  
a simple meal such as is served to the  
children of the Near East under  
American care every day in the year  
and give the difference in cost to the  
Near East Relief, the organization  
chartered by Congress to look after  
them. Let's try it. It will do us good  
to realize that thousands of depend-  
ent children are keeping well and  
strong on such a simple diet as stew  
with meat four days a week, cocoa  
made with condensed milk, bread  
made partly of corn-meal, and cer-eals varied with fresh fruits and veg-  
etables when they are obtainable.  
They are calling this orphan meal  
which we are asked to eat on Sunday,  
December 2, a "Golden Rule Dinner".  
Our children have more luxuries than  
any children in the world. This din-  
ner will serve as a fine opportunity  
to visualize that fact. Taking care  
of the children of the Near East or-  
phaned through wars, massacres and  
famine is one of the finest applica-  
tions of the Golden Rule in the his-  
tory of the world. Don't forget the  
children of the Near East next  
Sunday.**The Hodge - Podge**

## Thanksgiving Attractions

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Nov. 28—That well-known curtain, the metaphorical grim-reaper and swan-song singer does its annual dropping tomorrow on the 1923 football stage.

Quantities of good games are scheduled all over the country as finales and the few teams that do not complete their season's activities in

the Thanksgiving Day games will finish on Saturday.

Because it is one of those games that has been handed down for years and years more than any bearing it has on the eastern situation the Cornell-Pennsylvania game at Philadelphia perhaps is the biggest game in the east.

The hardest fight and the most important game of the day in the east will be staged at Morgantown between West Virginia and Washington and Jefferson.

Pittsburgh and Penn State, ancient rivals, will have it out in a game at Pittsburgh, and those who have been watching the hand of Percy Houghton will be interested to see what his Columbia team does against Dartmouth.

Beaten by Maryland and Lafayette, Pennsylvania looks at least four touchdowns behind Cornell, while some of the experts figure that Cornell may open up entirely in its last game of the season and make a track meet out of the game.

Gil Dobie, the most pessimistic coach in the world, said recently that this Cornell team would have a time holding Penn down to twenty-one points.

Dobie said that he had a good team at Cornell, not a great team, and that it really was an easy team to defeat. One nice thing about Dobie's pessimistic outbursts is that they are not dangerous. No one believes them.

Two powerful teams, strong candidates for eastern honors, will battle in the West Virginia-Washington and Jefferson game. Opinion leans slightly in favor of the West Virginians.

Penn State, even though badly crippled and unable to present anything more than 55 percent of its normal strength, is favored to defeat the erratic Pittsburgh eleven.

Columbia may give Dartmouth a fight.

With all of the western conference teams past the end of the season's road, the schedule in the midwest is only spotted and has few games of outstanding importance.

## FAIRVIEW SWAMPS GREENSBURG Y FIVE

Athletic Club Atones For Defeat at Greensburg Recently by Winning, 72 to 27

PLAYS BENTONVILLE DEC. 1

In a game featured by their brilliant team work and sensational goal shooting, the Fairview A. C. basketball team downed the Greensburg Y. M. C. A. team Tuesday night at Fairview by the score of 72 to 27. The game was fast and clean.

The Fairview team jumped into a big lead at the beginning of the first half, and led all of the way. Although the Greensburg boys fought hard, they threatened at no time and the outcome of the game was never in doubt.

Greensburg had previously defeated Fairview by a score of 38 to 20 on the floor in that city. Fairview plays Bentonville at the Fairview gym Saturday night. The line-up and summary of the game last night:

Fairview 72	Greensburg 27
Essex	Marlowe
Patton	F. Elliott
Peters	C. Horne
Cook	G. Palmer
Darnell	G. Schnitzer

Substitutions: Fairview, Reynolds, Norris, Parker, McClain; Greensburg, Galbraith. Field goals, Essex 6, Patton 3, Peters 11, Cook 4, Reynolds 3, Perket 2, Marlowe 6, Elliott 3, Palmer 3. Foul goals, Palmer 2, Horne, Essex, Peter 3. Referee Titsworth.

## ARLINGTON TO PUT QUINTET IN FIELD

Athletic Club Prepares To Take Up Hardwood Game At Close Of Football Season

### MADE GOOD RECORD LAST YEAR

The Arlington Athletic Club will put out an independent basketball team this season and expects to have a very fast team again. The team will begin practice at close of the football season, Thursday and hopes to get in condition as quickly as possible as the first game of the season will be played in the Arlington gym Thursday night, December 6. No games have been scheduled so far but teams will be booked as quickly as good teams can be secured. Arlington had a good team last year, winning 14 out of 16 games played and went to the semi-finals for the state championship, being defeated by the Terre Haute Jacks.

The following players will probably represent the club this season: John Wicker, Edward Shook, Alonzo Gardner, Franklin Norris, Lee Mitchell, Denning Nelson and Jack Huley. It will take a few games for the team to get in condition, due to the late start, on account of some of the players being on the football team.

## SAVED SICK SPELLS

Black-Draught Found Valuable by a Texas Farmer, Who Has Known Its Usefulness Over 30 Years.

Naples, Texas.—"I have used Theodor's Black-Draught for years—I can safely say for more than 30 years," declares Mr. H. H. Cromer, a substantial, well-known farmer, residing out from here on Route 3.

"I am 43 years old, and when a small boy I had indigestion and was puffy, and my folks gave me a liver regulator. Then Black-Draught was advertised and we heard of it."

"I began to take Black-Draught, and have used it, when needed, ever since. I use Black-Draught now in my home, and certainly recommend it for any liver trouble."

"I have given it a thorough trial, and after thirty years can say Black-Draught is my stand-by. It has saved me many sick spells."

Mr. Cromer writes that he is "never out of Black-Draught," and says several of his neighbors prefer it to any other liver medicine. "I always recommend Black-Draught to my friends," he adds. This valuable, old, powdered liver medicine is prepared from medicinal roots and herbs, and has none of the bad effects so often observed from the use of calomel, or other powerful mineral drugs. Be sure to get the genuine, Theodor's, NC-145

## HITTIN' 'EM AND MISSIN' 'EM

"Milroy is going to eat the turkey tomorrow," says J. D. S. of that place in a postal to Hittin' 'em today. That's fine, ole top, because our Lions like the bacon better anyway.

**RAW! RAW!**  
Say, Markin' 'em up, before Rushville plays your "Flapper", "Roses" or what ever you call 'em, the Lions are going to eat some raw meat for dinner. Whenever they want to win a game, they always eat something that puts blood in their eyes.

**SAVE A SEAT FOR US FRIDAY NIGHT, NEWCASTLE, WE'RE COMIN'.**

McCorkle of Milroy is holding down the back guard position on his team again this year. If they had a whole team like him, we'd feel sorry for the rest of us.

**When Excitement Ran Hi**  
We almost overlooked a game the other night. Orange bested Ging 44 to 3.

**HERE'S ONE WE'RE GOIN' TO FRAME!**

Dear Hittin' 'em—  
After that letter from a Shelby Fan, we want to tell you what we think of you in our part of the country. Your work is most commendable in supporting basketball, and in promoting interest in the great indoor game. Of course, you say some things that probably don't exactly sit right with everyone, but that is expected in basketball. People living in Shelbyville shouldn't read your paper, as long as papers of their own kind are available. We fans in Washington township are hoping for you, because we know that you are boosting Rush county first, and not Shelby county. Besides, look at the good publicity that Raleigh is getting, where our school is. Keep it up, Mr. Hittin' 'em, and don't let them bluff you.

Yours sincerely,  
C. E. (For all the twp.)

We thought we had another hrix headed our way at first, but "them's the kind of flowers we like."

### PLAYIN' POSSUM, MAYBE

"Our Manilla-team in dropping two games lately," informs L. L. of that town, "is just playing horse so they will know how to act when they get in that county stable." That's alright L. L., we like educated horses.

We don't know how horses and lions will mix, but maybe by the time we need the stable, our Lions will be used to all kinds of animals.

After Newcastle Friday night, comes Greenfield.

Wonder if the exams made any change in the line-up for tonight's game. Hope not, because we would like to see all of the Lions out in full regalia tonight.

The Vincennes-Anderson game tonight isn't attracting as much attention as it did last year. Observers of each team don't rate 'em as high as they did last year, but even at that no one has ventured to begin pickin' yet.

### WE EVEN WELCOME LETTERS FROM SHELBYVILLE

Keep the mail comin' in folks. We don't care where it comes from, just so we can read it. Make 'em short and snappy.

Shelbyville plays at Connersville tonight. The way Connersville played Hagerstown the other night, it might not be so one sided as some people expect.

O. Scribas, Ain't We Thankful?

No school until next Monday. The basketball players will have to ob-

serve training rules regardless, and do without turkey, mince pie, cranberries and all of the trimmin's. No training rules for us comes. We eat everything that comes in sight Thanksgiving.

### SPARK PLUG WANTS A STALL

Hittin' 'em has just received a letter from Barney Google of Glenwood, who says: "Even if our team is playing in a barn, because we have no gym, we are fast developing horse sense that will find us a stall in your county stable next February. It will pay you to keep a watch on our fellows."

### COMPLICATIONS ARISE NOW!

The Blue Birds of Carthage are expecting to fly high before the season ends. What business has a bird with a stall. Guess we will have to put up some roosts in our barn.

### SIC, 'EM, GANG

The Richmond second team is out for the state title this year for teams in their class. Maybe the Rushville Colts will dispute their claim in a few weeks.

### OUR DAILY HATE

Next to the basketball coach who fails to report his game early on the day following the game, we hate the coach who waits for three days before telling us about it. Whom do you hate?

### The Beautiful Rain

A teacher asked one of her pupils to write a brief story about the rain. After much thought the boy produced the following: "What does the rain say to the dust? 'I'm on to you and your name is mud.'"—Chicago Tribune.

## MOVIES

**Today Only At Mystic.**  
Why is New York different from all other cities? The answer will be found in "What Fools Men Are," a new Pyramid Picture by Eugene Walter which comes to the Mystic Theatre, today only.

It is a story of life in New York as it is lived today, not the usual film exaggeration of it. "What Fools Men Are" reflects a gay phase of life and it does so truthfully. Whether the same life exists in other large cities is for the audience to decide. In milder form the exploits of the flapper heroine may be seen elsewhere, perhaps, but it is safe to say that only in New York would she be allowed to go as far as she does. For the bigness of New York makes for freedom of action and emotions. People do practically as they choose, safe in the knowledge that their neighbors do not care because few know who lives next door. It is a well-known fact that one can live years in the same apartment, leave the house every morning at the same time and board a downtown car at the identical minute each day, yet never see a familiar face. The enormous crowds account for this. Such a state of affairs exists nowhere else but in New York.

**Good Thanksgiving Show**  
It remains for the motion picture to perpetuate and in a measure, present to the American public an idea of the ramifications involved in the important part played by the shipbuilders of this country during the World War.

**Stops COLDS**  
Keep strong. Be healthy and free from winter complaints. Hill's Cascara Quinine is the quickest acting, most dependable cold remedy. What Hill's does for millions it will do for you. Get red box bearing Mr. Hill's portrait. Price 30 cents.  
**CASCARA QUININE**

acres of mud-flats, which at high tide were entirely covered by the Pacific Ocean, to the completed ship-building plant equipped for modern production with dry docks, repair plants and a hundred affiliated industries is, in itself a romance that if space would permit, would make interesting reading.

The completion of this plant and the subsequent building of thirty vessels of approximately 264,000 tons each, involving an investment of \$62,000,000, all in the short space of fifty-two months, offers material for a thrilling page of war history.

Amidst the surrounding of the site which played such an important part in the achievements of the United States during the war Marshall Neilan, motion picture producer, found an ideal "location" for his new production, made in association with Goldwyn, "The Strangers' Banquet," which comes to the Castle theatre today and Thursday.

## FINAL PLANS FOR DRIVE BEING MADE

Continued from Page One  
pected to put the Allen county membership far in excess of last year. LaGrange and Noble counties also reported a large gain.

One of the features of the drive was the work done by the women workers and members of teams. The women's work was unusually effective, and in many cases they were able to make good headway where members of the sterner sex found the going heavy.

The drive in the first district takes in the counties of Fulton, Marshall, St. Joseph, LaPorte, Starke, Pulaski, Porter and Lake. At the close of the first district drive the workers will move to the southern part of the state, where much preliminary work has already been done.

## Says--Now Stiff Joints Must Go!

**New Discovery Limbers 'Em Up And Even the Creaking Ceases**

Yes; it's true—the world progresses. All you have to do nowadays to limber up that stiff, rusty knee joint is to squeeze a half inch of miracle working substance from a tube.

Then rub it on the offending part for about a quarter of a minute or until it soaks through the skin and disappears on its errand of mercy. Then read the evening newspapers and go to bed.

The chances are that your misbehaving knee joint will lose its "creak" while you are dreaming about the high fences you used to leap when you were a youngster.

"And in the morning," says one who has tried the new discovery, "you'll feel so happy that you'll want to jump into your sportiest clothes and walk briskly down the street just to show the neighbors that you are not as old as they think you are."

Joint Ease: They call this wonder working substance, for the reason that when ordinary remedies fail to limber up the stiff, inflamed rheumatic joint, or reduce the swelling, Joint-Ease succeeds.

It's a good name for a good, clean, stainless prescription that in just a few months has proven to a multitude of people that lame, swollen, distorted joints can speedily have the kinks taken out of them and work as smoothly as ever.

But Joint Ease is for bothersome joints, whether in knee, ankle, hip, shoulder, spine or finger, and for that purpose its sale is immense.

All druggists have a big supply of it and druggists everywhere report a big demand.

## Child-birth

WHEN the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes. Use 'Mother's Friend' as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., B. A. 73, Atlanta, Ga. for a free illustrated book containing information every expectant mother should have. 'Mother's Friend' is sold by all drug stores—everywhere."
